# Geometric Group Theory in Bonn

January 31 - February 1, 2019

Organizers: Grigori Avramidi, Ursula Hamenstädt and Bram Petri

Speakers

Rémi Coulon (University of Rennes / CNRS)
Elia Fioravanti (University of Oxford)
Nicolaus Heuer (University of Oxford)
Dawid Kielak (Bielefeld University)
Tim de Laat (University of Münster)

Keynote Speaker

Andreas Thom (TU Dresden)

The aim of this workshop is to bring together mathematicians at various career stages working on all aspects of geometric group theory.
